More Active Participation Needed in School Board Race

By RALPH R. GOMPERTZ

Anyone who has observed the local community scene for any length of time is impressed with the amount of organized civic and community activity that individuals engage in.

However, while interest in city affairs reaches its climax at election time with numerous City Council candidates appearing on the scene, school activity comes to a screeching and premature halt.

In contrast with the city elections, it is regrettable that there is such a dearth of candidates for the forthcoming School Board elections.

Three City Council posts must be filled. There are 15 candidates bidding for the posts, two candidates being incumbents. By contrast, only five candidates—three of whom are incumbents—are bidding for the three School Board posts.

There is no field of public endeavor which is as vital and important to a community as the education of its youth.

The educational policy as well as the way the \$5-million budget is administered are the direct responsibility of the Board of Education.

We are therefore appealing to every individual or group that is interested in the educational scene to seriously consider running for the Board of Education or encouraging others to run.

The last day to file a declaration of candidacy for the School Board is April 18.

We are hoping that there will be more candidates running for this important office. Quality leadership is possible only when there is quantity to choose from.

Real Estate Women Plan Sales Forum

An exchange forum to discuss properties for sale in a multiple listing will be held at the next meeting of the Woman's Council of the National Association of Real Estate Boards, Torrance-Lomita chapter.

The dinner meeting will be held Friday, March 30, at 5:45 p.m. at the Wayfare restaurant in Lomita.

This type of forum discussion tends to advance the sale of real estate, which in turn

Local Driving School Opens

H. Schlickemayer, formerly a driver's license examiner with the Motor Vehicle Department, has opened the Torrance Driving School, at 3403 Torrance blvd.

The school has dual control cars with automatic as well as conventional shifts. Lessons are offered during the daytime as well as during the evening, Schlickemayer stated.

The school aids the growth and development of the city, stated Irene Baker, president.

Furthering the education of realtors and salesmen so that they may better serve the public, is a part of the Woman's Council goal for this year, she announced.

The members are making plans for the Educational Conference which is to be held on April 19.

The council held their recent regular meeting at the home of their president, Irene Baker.

The membership chairman, Eliza Travioli, reported a 96 per cent membership in this newly formed organization.

Others present were: Grace Haggott, Rose Craig, Maribel Connett, Mildred Patterson, and Carol Neldon.
